The ACS Group Marketing Team Continues to Grow

New Berlin, WI—ACS Group is pleased to announce the addition of Joel Jansen to their marketing team who brings a fresh perspective and upbeat attitude. Joel is responsible for the day to day tasks of helping the sales representatives with their sales efforts by supplying literature information as needed as well as taking and posting product videos onto their website. Joel also sends out email campaigns and literature requests to customers along with various marketing tasks.

Joel comes to ACS Group after graduating from the University of Wisconsin in Whitewater where he earned his Bachelors Degree in Marketing. Prior to joining ACS Group, Joel worked in the plastics industry for 5 years as a general assembler for Lavelle Industries, where he gained experience and knowledge of the injection molding industry.

Moving forward, Joel looks forward too gaining more experience. “This is my first job out of school, and so far I have absorbed a good amount of experience and a great variety of skills in the marketing department.” Joel goes on to say that “Everyone at ACS is great to work with, and I’m learning how to do a variety of different jobs while I have been here.”

ACS Group distributes products under the brand names AEC, Sterling, Cumberland Engineering, Colortronic, ACS Group Walton/Stout, Wabash, Carver and Economizer. For more information on the ACS Group, please contact Thomas Breslin at 847-273-7700 or visit <http://www.acscorporate.com>.
