

ACS GROUP • WALTON/STOUT

July 21, 2009

Afraid your Walton/Stout ESM, Atlas II, ES-1, MV-2000 or Kasibatch controller will become obsolete? You don't have to be! On May 19, 2009 ACS Group added the Walton/Stout Product line to its family of products, making ACS Group one of the largest fully integrated suppliers of processing equipment to the industry today.

ACS Group provides reliable, user-friendly control platforms with off-the shelf components that are recognized as some of the best control platforms in the auxiliary market today. This has been accomplished by leveraging its strength and knowledge of over 50 years in processing and equipment building experience. In addition, ACS Group provides full parts and service support for:

- **The installed base of WALTON/STOUT processing systems and equipment**
- **WALTON/STOUT Dryer products**
- **WALTON/STOUT Blender products**
- **WALTON/STOUT conveying products**

ACS Group has developed dryer and blender control retrofit kits to support WALTON/STOUT customers and WALTON/STOUT products with older ESM, Atlas II, ES-1, MV-2000, or Kasibatch control platforms. Whether you want to replace the PLC or the entire panel, let the experts at ACS Group evaluate your equipment and assess your needs. We can work with you to come up with the best solution that will fit your requirements.

The experienced group of ACS application and sales professionals will handle all of the sales activity for Walton/Stout projects. Our team is already familiar with the Walton/Stout equipment as a result of many years of working together in an OEM relationship. For application information or a control retrofit quote contact your material handling product specialist.

- **Keith Goettelmann – 847.273.7815 – kgoettelmann@corpemail.com**
- **Richard Hatherley – 810.813.6986 – rhatherley@corpemail.com**
- **Richard Farias – 847.273.7668 – rfarias@corpemail.com**

ACS Group will continue to support all Walton/Stout equipment in operation through our Parts and Service group. Existing customers can contact our Parts and Service group through the Walton/Stout phone number and website, or our central ACS Customer Service group at 800.423.3183.
